08/29/2022	Chatham	Town	Morris	NJ	Telecommunication Towers	1	The Applicant is proposing wireless telecommunications facilities at the existing cell tower site, including, but not limited to, collocation of three panel-type antennas and six remote radio heads at approximate centerline elevation 116 feet above ground level, and installation of equipment	<a href="#">Link to document</a>	<a href="#">Link to Curate doc</a>
08/24/2022	Chatham	Town	Morris	NJ	Telecommunication Towers	9	(5) it would defeat the existing concealment elements of the tower or base station. The proposed Dish Wireless antennas will be installed on the tower at a lower height than the existing T-Mobile and Verizon Wireless antennas and there are no concealment elements implemented at the site. Therefore, the Dish Wirelees collocation facility will not defeat any existing concealment elements.	<a href="#">Link to document</a>	<a href="#">Link to Curate doc</a>
08/18/2022	Chatham	Town	Morris	NJ	Telecommunication Towers	1	All nine existing antennas and three remote radio units (RRU's) mounted on the existing tower at a centerline height of approximately 96 feet would be replaced with nine new antennas and six new RRU's of variable size at the same centerline height.	<a href="#">Link to document</a>	<a href="#">Link to Curate doc</a>
07/29/2022	Chatham	Town	Morris	NJ	Telecommunication Towers	5	T-Mobile currently has 9 antennas and 3 RRU"s on the existing 130' tall lattice tower on the property. The antennas are installed at the 96' centerline height of the tower. In addition, T-Mobile has 2 equipment cabinets and appurtenances on an existing steel platform at grade. In this upgrade T-Mobile is seeking to swap-out in place all 9 antennas and RRU's with 9 new antennas and 6 new RRU's on existing mounts at the same location on the tower. In addition, 1 equipment cabinet will be replaced with 2 smaller equipment cabinets on the existing steel platform. Finally, 1 new hybrid cable is proposed. This upgrade will not impact the height or width of the existing monopole and will not impact the size of the existing T-Mobile ground lease area.	<a href="#">Link to document</a>	<a href="#">Link to Curate doc</a>

08/11/2022	Garwood	Other	Union	NJ	Short Term Rentals	2	Short-term rentals - Concerns over short-term rentals, such as Airbnbs, have recently been brought to my attention by several residents. They raised concerns of this being a public nuisance in residential areas. I asked Mr. Harris to circulate a sample ordinance to the Council, which he sent on Monday. This would not permit rentals of 30 days or less. We could also consider 45 days or less. We are a small, tight knit suburban town where neighbors pride themselves in getting to know one another and look out for one another. We are not a shore or lake town that would be expected to attract tourists. Residents raised concerns to me over the extreme transient nature of short-term rentals, for even as short as one night.	<a href="#">Link to document</a>	<a href="#">Link to Curate doc</a>
