

## Give Your Listings a Lift

We invite you to give the gift of an organizing consultation to your new sellers so they can have a decluttering and organizing kickstart to their individual spaces. During this 45-minute virtual consultation, Jean Marie will give each homeowner the guidance and resource suggestions allowing them to begin sculpting their homesteads for sale. **We are now offering this promotion to agents for \$100.** Why not use it as part of the listing/marketing package?

## About POSSE

Jean Marie Herron created POSSE in 2005 and has been helping real estate agents and homeowners for two decades. As a Professional Organizer she fell in love with helping clients prepare their properties for sale, organizing, and managing their moves, and then creating a brand new home environment for them at their new address. She has the desire, experience and resources to turn a listing around with less stress, more profit and increased efficiency.

“ Jean Marie is not only an essential extension of my business but also someone I’m proud to call a friend. Her passion for what she does and for helping others is truly unmatched. Everyone I’ve referred to her has been beyond grateful and consistently impressed with the results. Whether you’re moving, decluttering, or simply looking to reorganize your home, Jean Marie is an absolute must-have. She’s truly one of a kind, and yes, she’s on my speed dial.

~ Kelly Weber, REALTOR®

As a local REALTOR®, I have worked with and referred Jean Marie Herron to many clients who are readying their homes for the market and/or in the process of moving. Jean Marie is a force of nature! She can accomplish in an hour what would take a mere mortal a day to accomplish. Prepping a home for sale, dealing with years of accumulated stuff, grappling with the emotional aspects of a move, it can be overwhelming and paralyzing.

~Lisa Sammataro, REALTOR®

Jean Marie was a tremendous help to us in our downsizing and moving project. As elders selling our home of many years and moving out-of-state, to an apartment, we found her to be a god-send. She is a top-notch organizer in every way: super organized, efficient, supportive, and extremely personable. We couldn't have done any of this work without her guidance and know-how. Thank you Jean Marie, our moving angel.
